

Years Operating  
2005 - 2021

Villages Completed  
17

People Served  
79,000

Funds Expended  
\$2.7M

This year over **11,000 more individuals** have access to clean water thanks to your generosity!

The sustainability of TLP's clean water projects has changed thousands of lives. Here are just a couple examples of the impact of your generosity...

**Anna Petro Tikago**  
(mother in the village of Ngutoto)

*I had to wake up early and walk over 7km (4+miles) to fetch water across very dangerous land. I could only carry one bucket of water for my family's needs. Thanks to TLP putting water in our village, I now can get 6 buckets of clean water for my family in 30 minutes (giving more time with my family). I can't thank you enough!*

### HOW HAS LIFE CHANGED?

**Jenifa Yoseph**  
(student at Wangazi Primary School in Ngutoto)

*We were required to bring one bucket of water to school each Monday. We would travel for 3-4 hours to find water on the weekend. It was dirty and salty. With the new clean water from TLP right at our school, we no longer need to fetch water. We also are planting trees and beautiful flowers. Our teachers (who live at the school) now have wonderful gardens where they grow vegetables.*

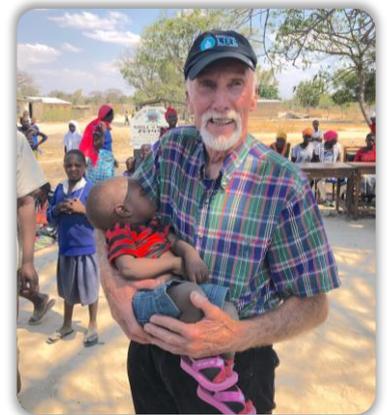

Our greatest wish is to provide clean water **faster** to **more people** like Anna and Jenifa to improve their lives. To do this we are seeking your help and also new sources of funding. If you haven't donated, we invite you to start now and join us to save lives. If you are an existing donor, please consider increasing the amount or frequency in giving. We also encourage you to share this newsletter with friends and family. *Everything* helps!

### DONOR SPOTLIGHT

**Ed Johnson** has been a faithful donor ever since joining us on a trip to Tanzania. This is what Ed shared with us on why he gives:

*I donate to charities where upwards of 90% of my dollars go directly to programs. When I get in the shower every morning I say a prayer for the luxury of abundant hot water. God calls us to love our neighbor. To be able to provide potable water to arid areas of Tanzania is a blessing for me and them. I choose to give monthly because that allows TLP to have a predictable income so they can build a budget. In worldly terms, it sounds crazy but every year I give more and more to charitable organizations and at the end of the year I'm worth more than at the start. The people TLP serves live very simple hardscrabble lives in very harsh, arid conditions yet they are joyful, family oriented, and civic minded. It is a privilege and blessing to me to be able to partner with the villagers in this life-changing work.*

97% of your donations go directly to serve the people of Africa

DONATE VIA CREDIT CARD, PAYPAL, OR STOCK DIRECTLY ON OUR WEBSITE AT [WWW.TANZANIALIFEPROJECT.ORG](http://WWW.TANZANIALIFEPROJECT.ORG)

Or mail your tax-deductible contribution to:
